PITCH STEP 01 / 04

THE SOLUTION

Show how your project solves the problem.

- Present your idea as the answer to the pain point.
- Highlight what makes it unique or better than other options.
- Keep it short, clear, and exciting.

👉 **Think:** Why is your solution the best way to fix this?

PITCH STEP 02 / 04

PMF

This is where you explain what real-world issue you're solving.

- Show why this problem matters (who is affected and how big the impact is).
- If possible, use numbers, examples, or stories to make it feel real.

👉 **Think:** Why should anyone care about this problem?

PITCH STEP 03 / 04

TECHNICAL WORKFLOW

Here you explain how your solution workflow works in practice.

- Briefly describe the technology, product, or process.
- Focus on the logic and feasibility, not every technical detail.

👉 **Think:** How does this actually work and why will it succeed?
